## CEMA Golf Outing, June 6

I want to take this opportunity to thank you for participating in our annual golf outing.

Every day you work hard to serve your customers. Now is the time to take advantage of our annual golf outing to do some networking while you relax a bit.

Did you know that the difference in golf and government, is that in golf you can't improve your lie? Your support of our golf outing allows CEMA to promote and protect the motor fuels and heating fuels industry from predatory government policies and the lies that would become truth if we were not here working on your behalf.

The association work that we do is contingent upon your involvement, and we are so appreciative of our sponsors and players for making this year outing a success.

While I am not a champion golfer I do have a guaranteed way for you to take five strokes off your game today – it's called an eraser!

Good luck and enjoy the day!

**Chris Herb**

CEMA President

# Rules of Play

## Scramble Format

All team members tee off on each hole. The best shot is selected and players hit from that point thereafter. This procedure is followed until the ball is holed. **This includes Par 3s.** Players' following shots must be placed within 1 club length of the designated initial drive, no closer to the hole, and it must remain in the same type of condition; i.e. fairway, rough, etc.

## Minimum Tee Shots

**Each team member must be used for a minimum of 2 tee shots** during the round when determining which drive to use.

## Mulligans

Mulligan tickets (sponsored by Richmond Financial) may be purchased at the registration table or from Kate Lennon for \$5 ea. Using a mulligan allows you to **reshoot any DRIVE** (except contest drives). **IMPORTANT: mulligans may NOT be used for closest-to-the-pin (9), longest drive (18), holes-in-one drives (5, 9 13, 15).**

## Contest Holes

**Par 3 holes # 5, 9, 13, 15 are hole-in-in contests. Hole #9 is also a closest-to-the-pin contest. Hole #11 is a longest drive contest for men and women** Mark the sheet with your name for fairway drives or closest to the pin if applicable

## Rules & Information

USGA rules will govern all play except as amended by this rules sheet and/or those provided by Fox Hopyard. Other rules shall be announced as applicable by golf course officials prior to the start of the round.

## Play the Course, Not the Competition!

Nailing the direction the wind is blowing, and how fast the greens are playing, are factors in attacking a round of golf. Similarly, business decisions require consideration with respect to the environment, while focusing on the big picture, rather than on the competition. Information is POWER! Talk to us at AFS to ensure your fuel is AFS-ready for the transition to a decarbonized future!
