Foxwood's Lake of Isles

Private South Course

CEMA returns to Lake of Isles for the first time in 6 years. A 36-hole Rees Jones-designed golf club located in North Stonington, Connecticut, it's a relatively new course, opening in 2005. Owned by the Mashantucket Pequot Tribal Nation and located across the street from Foxwoods Resort Casino, the two courses wind their way through 900 acres of wooded Connecticut countryside and around a 90-acre lake. CEMA has reserved the private South Course for our outing.
